

**Cools when hot.
Warms when cold.
Ideal comfort for the best night's sleep!**

Copper is an excellent thermal conductor, antimicrobial, and thought to promote health and wellness. Copper rapidly transfers heat away from the body, dissipating the heat that can accumulate in your mattress or pillow. KülKöte Copper allows for better, more restful sleep.

- 100% Water-Based
- Non-Toxic
- Odor Free
- Functions for a Lifetime
